Strongvox Homes

September 2024

1 This former holiday park has planning permission for a care home. We believe that building new homes on this site is a better use of the land that will meet the urgent local need for housing. **What do you think?**

☐ Agree ☐ Disagree ☐ Unsure

2 **What are your priorities for new homes in the area?**

☐ Bespoke and high-quality designs

☐ Protecting natural habitats

☐ Providing affordable housing

☐ New routes for walking and cycle

☐ Supporting investment in local infrastructure

3 We recognise the importance of improving the environment for nature and people. Our ecologist has conducted surveys and is exploring how we can protect natural habitats for greater horseshoe bats and cirl buntings, including by providing food sources and safe nesting sites in the surrounding shrubbery. **Which of the following environmental considerations is most important to you?**

☐ Opening up new green spaces for people

☐ Protecting valued species across Sladnor Park

☐ Preserving areas of woodland that also act as natural habitats

☐ Increasing biodiversity
